

Van Hool 3-ASSIGE OPLEGGER 3 asser oplegger 20FT/30FT, ADR chassis, gegalvaniseeerd/ BPW drum , adrex/II, EXII, EXIII, ,AT, NL chassis eigen gewicht 3960 kg ,lift axcle,2 pieces

General characteristics

|                            |                   |
|----------------------------|-------------------|
| Brand                      | Van Hool          |
| Subcategory                | Container chassis |
| License plate              | OL-13-RR          |
| Year of construction       | 2012              |
| Date of first registration | 16-05-2012        |
| Colour                     | Gray              |
| Condition                  | Used              |

Properties

|               |          |
|---------------|----------|
| Single weight | 3.960kg  |
| Load capacity | 35.040kg |
| GVW           | 39.000kg |
| Length        | 942cm    |
| Width         | 255cm    |
| Serial number | AA417131 |

Technical specifications

|                |   |
|----------------|---|
| Number of axes | 3 |
|----------------|---|
